Windows Security Alert

Windows Defender Firewall has blocked some features of this app

Windows Defender Firewall has blocked some features of Java(TM) Platform SE binary on all public and private networks.

	Name: Java(TM) Platform SE binary
	Publisher: Oracle Corporation
	Path: C:\program files\java\jdk1.8.0_271\bin\java.exe

Allow Java(TM) Platform SE binary to communicate on these networks:

- Private networks, such as my home or work network
- Public networks, such as those in airports and coffee shops (not recommended because these networks often have little or no security)

[What are the risks of allowing an app through a firewall?](#)

Allow access Cancel

Output

Debug (Main) X Debugger Console X

```
< 100% SUCCESSFUL OF 10 KMS
> Task :runSingle
Listening for transport dt_socket at address: 5005
hello
BUILD SUCCESSFUL in 40s
2 actionable tasks: 1 executed, 1 up-to-date
```
